

# RELIGHT *bond*

ADHESIVE SYSTEM  
5th GENERATION

BOTTLE (5 ml)

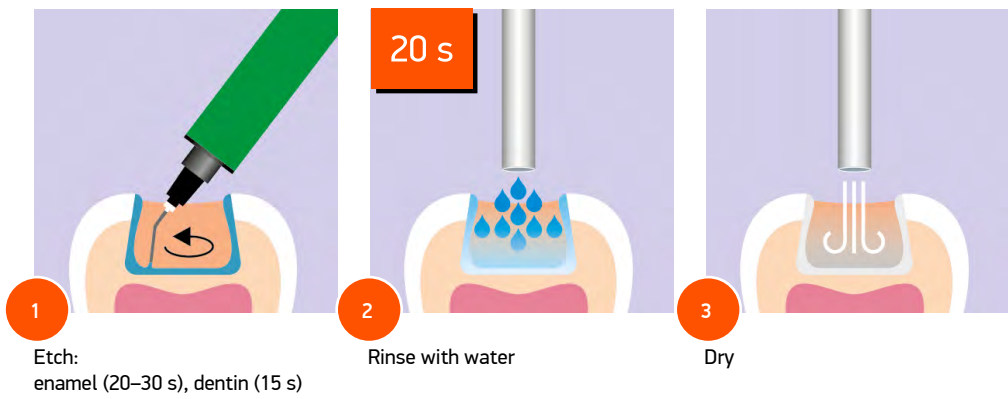

A group of skydivers in various colored suits (red, blue, black, green) are floating in a circular formation against a blue sky. Below them, a coastal town and a bay are visible from an aerial perspective.

*Secure  
bonding*

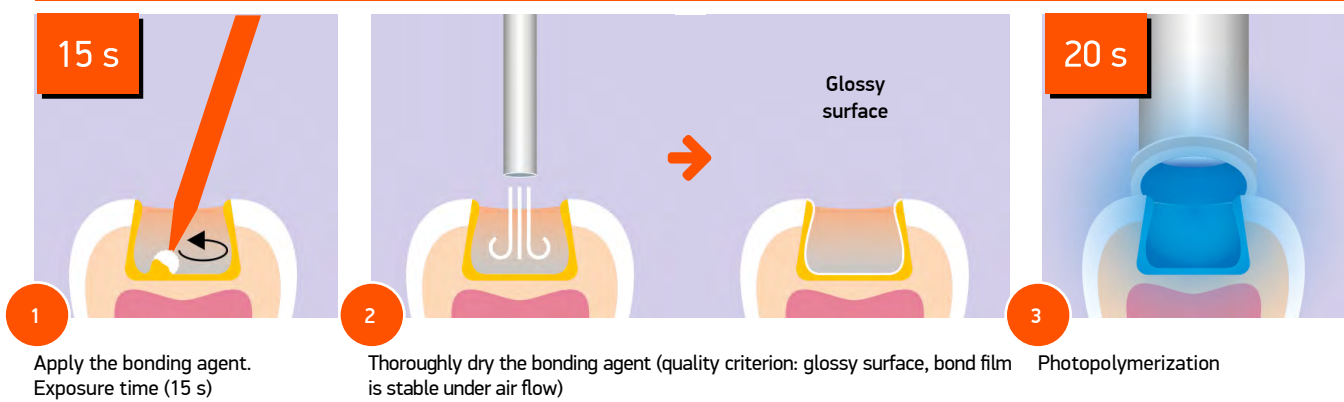

- › Elasticity and tight marginal fit
- › High adhesion to tooth tissues (27 MPa)
- › Easy adaptation of the first composite layer
- › Compatible with all light-cured composites
